

DUTCH LEONARD
A HARD WORKERBabe Ruth is Also in For
Share of Heavy Work
if Red Sox Win.

Babe Ruth and Dutch Leonard must shoulder the heavy end of the work if the Red Sox are to win the American League pennant this year.

During the first seven weeks of the race manager Barry depended almost entirely on these two pitchers to keep his club in the running, and they came through nobly. Ernie Shore and Carl Mays, although both are good pitchers, cannot be classed with the first two mentioned, and the fact that Barry has not used them in a greater number of games indicate that he is not confident of their ability to "come through."

Bader, the new member of the Red Sox regular staff, is an experiment. Although he pitched several good games for the Sox up to the first of June, he was used against the weaker teams.

From indications it will be up to Leonard and Ruth to hold the fort against the White Sox, Yankees and Indians, or at least do 75 percent of the pitching against these clubs.

The heavy strain of hard pitching will probably begin to make itself felt in Red Sox ranks by the fourth of July, and unless Mays and Shore round into the pink of form and are capable of holding up their end along with Leonard and Ruth from July 4 till the wire is reached, look out for a pitching slump, which is very liable to come.

All things considered, a pitching slump is the one big danger in the path of the Boston club, yet Barry may solve the problem, big as it appears to be.

STARATHLETES
ARE REJECTEDMany Prominent Runners
Are Turned Down By
Enlisting Officer.

The news that three of the greatest athletes in Harvard University have been rejected by United States army examining physicians came like a bolt from the blue. R. Norris Williams, national tennis champion, Bill Moore, Harvard's second best sprinter, and Eddie Casey, of football fame, were turned down and will be unable to join the officers' training corps at Plattsburg because of minor defects in their respective physical make-ups.

All of which calls to mind the case of Melvin W. Sheppard, the greatest half-mile runner of his time. Peerless Mel, back in 1908, wanted to be a policeman. He was at the time a member of the track team of the Irish-American A. C. and therefore eligible in every way to become a member of the finest body of police officers in the world. Then came the physical examination, and to the utter amazement of every one, and to Sheppard's deep chagrin, the examining surgeon rejected the great runner because he had a "bad heart."

It was just a few weeks later that Sheppard showed the world how "bad" his heart was by racing to victory against the best middle distance runner in the world, the Englishman, in the 1500-meter and 1600-meter championships from the cream of England's vast distances. That 1500-meter struggle, often spoken of by Peerless Mel as the "hardest race of my career," was test enough for the best heart on earth.

There's many an athletic champion on sports' roster who could not pass the army medical examination. Doctors of them there who have all sorts of "perfections," such as the one that barred R. Norris Williams from going to Plattsburg. Defective eyesight is quite prevalent on the track.

**VETERAN PLAYER
IS NOW UMPIRE**

Birmingham, Ala., June 12.—L. L. Marcan, who formerly played in the Southern league as a second baseman, has been signed by President Baugh as an umpire. He started this season as a player in the Georgia-Alabama league, which recently disbanded. The Birmingham club, it is announced, has released pitcher Arthur Johnston, former mainstay of the team, who has not been able to get going this season.

**HOWARD DOUGLAS
NOW IN SOUTHERN**

Pitcher Howard Douglas, who was with Birmingham early in the season, but released because of a sore arm, has been taken on by Nashville. He has been playing independent ball at his home in Jellico, Tenn., since his release by Birmingham. In 1916 he was in the league with Wheeling, and later had a trial with Pittsburgh, which turned him over to Birmingham in the Grimes deal.

Philadelphia at Cincinnati.

BOYLAND

Manchester Paget, manager of the fast San Elizario Junior baseball team, is anxious for a game with the Mercers on the coming Saturday. The Mercers and San Elizario clubs tangled in a close game at Rio Grande park about two weeks ago, and the former winning by the score of six to four. The valley boys are anxious to get even and declare that they will put forth every effort to win.

Last Sunday afternoon at Yuleta, the San Elizario team defeated a much larger club by the score of 25 to 25. The larger boys were ten runs ahead in the sixth inning, but the San Elizario players knocked out timely hits and won by a close margin.

**DEVILS TO PLAY
CENTRAL CLUB**

The Devils, a crack negro baseball organization, has arranged a game with the Old Central, a Mexican club to be played on Tuesday, June 19. On the roster of the Devils is a number of former 24th infantry players among them being a crack first baseman, who is noted for his hitting prowess. The Devils won a number of games lately, and have been practicing consistently with the view of trouncing their opponents.

**UMPIRES WATCH
BEAN BALL RULE**

Umpires, ordinarily so confident of their ability to rule on intent or anything else that may happen in a ball game, are having to have their word for it taken without question, are watching now on the bean ball proposition. Under the new rule a pitcher found guilty of using the bean ball is to be expelled from baseball and the umpire who must be the judge, don't want to have the say.

**CAPT. WILLIAM NEAL HAS
ANOTHER JOHNNY EVERS**

Capt. William Neal, Pittsburgh business manager and scout, who made the deal for Jake Pitzler, declared the Pirates have a second Johnny Evers in the recruit. Neal looked Pitzler over last year and was favorably impressed with him, but for a variety of reasons did not close a deal and he had talked Pitzler from that time on until he finally succeeded in getting Barney Dreyfuss to make the purchase.

\$50,000 Owners' Contest to
Follow Maxwell's Economy
Triumph of May 23rd

Hundreds of Maxwells on May 23rd made good our claim that a Maxwell will go further on a gallon of gasoline than any other 5-passenger car—now, from June 16th to 30th, we expect 40,000 Maxwells to make as good or a better showing than was made on historic May 23rd.

We told you to watch the Maxwells with the one-gallon red gas tanks attached to the windshields.

We told you they were going to make history on May 23rd.

That was Maxwell Gasoline Economy Contest Day all over the United States and Canada.

And those Maxwells did make history

—achieved a triumph we defy the world to beat.

Fifty Maxwell cars went a total of 1,983.6 miles on a total of 50 gallons of gasoline.

The average gallon mileage of those cars was 39.67.

And these weren't specially built cars.

They were privately owned Maxwells.

—in actual daily use by the men who bought them.

892 Maxwell Cars Prove What Maxwell Economy Is

Those 892 cars covered 24,505.3 miles in the aggregate on one gallon of gasoline each.

They averaged 27.47 miles each per gallon of gasoline. More wonderful records are being received daily.

We could rest our laurels on this great triumph

—but we don't intend to do that.

Nobody else can beat it

—so we're going to beat it ourselves.
